[Health and Social Wellbeing Improvement](#)

*You, your child and alcohol* is a booklet that offers parents advice and guidance on how to discuss alcohol with their child and encourages them to think about how their relationship with alcohol can influence their children.

The booklet was originally developed as part of a campaign by the Public Health Agency, the Department of Health, Social Services and Public Safety, the Police Service of Northern Ireland, the Northern Ireland Office and the Northern Ireland Policing Board to tackle the issue of underage drinking.

*You, your child and alcohol* has been revised to reflect changes to the alcohol guidelines which were announced on 8 January 2016.
