

Public Health Annual Scientific Conference: Making Life Better – Improving Health and Care for Adults

Wednesday 10 June 2015
Riddel Hall, Stranmillis

The Public Health Agency and partners hosted the fourth Public Health Annual Scientific Conference on Wednesday 10 June 2015 at Riddel Hall, Stranmillis Road, Belfast.

The theme of the Conference was 'Making Life Better – Improving health and care for adults'.

It focused on how public health innovations, research and practice are meeting the needs of our adult population between the ages of 18–64 years.

The conference format included keynote speakers, a panel discussion and a number of short presentations running in parallel sessions.

A copy of the conference programme along with some of

the presentations are available below.
