[Nursing](#)

The graphic is a wallet card for delirium. On the left is a cartoon illustration of a man with glasses and a mustache, wearing a white shirt and tie. To his right is the text 'Are they more confused than normal?' in orange. Below this is a box with the heading 'Sudden changes in behaviour can indicate delirium.' and a list of risk factors: 'People who are more at risk: • People over 65 • People with a dementia diagnosis • People with infections • People with a broken hip'. At the top right is a circular logo with 'Make it Delirium Smart'. At the bottom are logos for 'Nursing Direct', 'Dementia Together NI', and 'Health and Social Care'. A vertical text 'Track, describe and ally Overhead's' is on the far left.

This wallet card describes the causes and symptoms of delirium.
