MEASLES

HSC Public Health Agency

Measles is highly infectious and can be spread easily.

- Isolate**
Patients with suspected measles must be isolated to protect vulnerable people.
- Check MMR vaccine status**
Has the patient had both doses?
- Notify**
If measles is suspected, notify the Public Health Agency on 0300 555 0119. Out of hours, contact public health on-call.

Symptoms of measles are:

- Temperature
- Runny nose
- Cough
- Feeling unwell
- Conjunctivitis
- Rash

Immunisation
Protect your life. Protect yours.

Information for health professionals
www.publichealth.hsc.ie

These posters are intended to prompt health professionals to be alert for the symptoms of measles and remind them of the actions they should take if a patient has measles.

If you or your child have not had two doses of the MMR vaccine, you could catch measles.
