Think

MEASLES

If you or your child have not had two doses of the MMR vaccine, you could catch measles.

If you think you have measles, please inform reception staff immediately so you can be seen in a separate room.

This will stop the infection spreading to others.

For more information, see www.nidirect.gov.uk/mmr

Measles symptoms include:

- High fever
- Runny nose
- Cough
- Aching/feeling unwell
- Sore red eyes
- Rash

i mmunisation
Protect your child. Protect yourself.

Information for patients
www.publichealth.hsc.ie

These posters are intended to be displayed at the entrance to Emergency Departments to prompt patients to alert reception staff if they or their child have symptoms of measles.

If you or your child has not had two doses of the MMR vaccine, you could catch measles.
