

HPV leaflets and posters can be found [here](#).

HPV

The #HPV vaccine helps to prevent HPV related cancers from developing in young people, with millions of doses given as part of the vaccination schedule since 2008.

From 1 September 2023, some of those eligible for the HPV vaccine will only need a single #HPVvaccine dose.

If you think you've missed your HPV jab, you can catch up until your 25th birthday. More info: www.pha.site/hpv-vaccine #HPVvaccine
